

Executor Crypto Checklist

Bitzo - UK Probate Support

1. Obtain death certificate and grant of probate
2. Locate documentation about crypto holdings
3. Identify all exchanges, wallets, and accounts
4. Check for hardware wallets and paper backups
5. Contact any named trusted contacts
6. Verify your identity with coordination services
7. Document all assets with date-of-death values
8. Check for pending transactions or staking
9. Review multisig arrangements
10. Secure all devices that may contain wallet access

WHAT NOT TO DO:

- Never share seed phrases via email or text
- Do not repeatedly guess passwords
- Do not factory reset devices
- Do not discard old devices without checking
